EDUCATION  
UNION.

# TRAINING TO BE A TEACHER OR LECTURER?

ATL is the education union for students and NQs/probationers. Not only do we offer more dedicated services for our student and NQ/probationer members, we are also the most focused on your needs.

We are a member-led union that has a dedicated newsletter, interactive website [www.new2teaching.org.uk](http://www.new2teaching.org.uk) and specialist summer seminars for when you first enter the classroom. All unique to ATL. Our NQ/probationer publications will help you create your CV, give you interview tips plus advice on how to meet pupils' parents and manage classroom behaviour.

Your professional and personal development opportunities with ATL are first class; including a unique partnership with Edge Hill University that will allow you to study to Masters level for a heavily discounted price (plus you will receive an additional discount on your membership if you enrol).

And when you start teaching, you'll have access to our confidential legal support, insurance cover, free training (including voice care) and opportunities for you to get involved in your union through the ATL Future group.

**With FREE student and NQ/probationer membership, plus lots more discounts, you won't find a better union.**

Join ATL Today.
